Let's Solve Water

Sacrificial Anode

WITH 18-8SS FITTINGS INCLUDED

Get ready for a longer motor life!

Sacrificial Anodes help extend the life of a motor when used in highly corrosive well water. By attaching the anode to the bottom of any 4" standard motor, the anode material acts as a sacrificial material to help protect the other motor components from corrosion, thereby extending the life of the motor.

FEATURES

- Only 2 sizes for all 4" motors:
  - 15K110 for under 5 hp
  - 15K111 for 5 hp and above
- Purchased as an accessory. Inventory and item number of the motor does not change.
