

BROWNLEE-MORROW COMPANY

Marine Solutions

Pumps | Fans | Flow Meters

Serving the Gulf Coast
AL, FL, MS, LA

PROCESS PUMPS FOR MARINE APPLICATIONS

TYPES	WATER / SEA WATER SERVICES	FUEL / OIL SERVICES	SPECIALITY SERVICES
Centrifugal Close-Coupled Multi-Stage Solids Handling Vertical Self-Priming Internal Gear Air-Operated Diaphragm	Fire Bilge Ballast Cooling Washdown Potable Water Cargo Water Sea Water	Lube Oil Dirty Oil Fuel Oil Jet Fuel Cargo Fuel	Gray Water Black Water Sewage Liquid Mud Sludge Oily Water Shaft Seal

VENTILATION EQUIPMENT FOR MARINE APPLICATIONS

TYPES

Duct Fans
Centrifugal Fans
Louvers
Dampers
Demisters

SUPPLY / EXHAUST/ COOLING SERVICES

Engine Room	Steering Gear	Stack
Bow Thruster	Machinery Space	Methanol Pump Room
Z-Drive	Coupler Room	Generator Space
P-Tank	Paint Locker	Hold
Propulsion Room	Fire Damper	Cargo Handling Room
Automated Ventilation Control System		

FLOW METERS FOR MARINE APPLICATIONS

TYPES

Positive Displacement
Coriolis

OPTIONS

Strainers
Registers
Printers
Air Eliminators
Temperature Compensators

SERVICES

Water
Fuel
Methanol

TESTING SERVICES

PUMP TYPES	TESTING CAPABILITIES	REQUIREMENTS
Horizontal Vertical Submersible Positive Displacement	Running Performance Hydrostatic Centrifugal Positive Displacement Up to 200 HP Variable Viscosity	ABS DNV Lloyd's Register US Coast Guard US Navy Vessel Owner
