HANDTE EM PROFI

Mist Collector

ADVANTAGES

- No leaks – guaranteed!
- Easy maintenance
- Self-cleaning Automatic sprayer system reduces filter buildup
- Corrosion-proof and washable two-stage filtration system

Application	Machine tool, CNC center
Type	Mist Collector
Comment	A User-Friendly, Modular, Highly-Efficient Mist Collector: The Handte EM Profi mist collector offers the highest available collection efficiencies plus the ability to run 24/7 for reduced maintenance, service ease, and lower operating costs. The unit can handle the heaviest loads encountered in the industry to clean up contaminants generated during turning, milling, honing and other low speed/low pressure machining processes that use synthetic coolants. Worker safety, production efficiency, and capital equipment protection cannot be compromised. Got a problem with coolant mist? Call Camfil APC and consider the Handte EM Profi.

As part of our program for continuous improvement, Camfil reserves the right to change specifications without notice.
