Series 44M with AM Propeller

Marine fan with medium pressure, adjustable pitch propeller

Marine Duty Duct Axial Blower
Pending AMCA certification

Capabilities

- Standard or customized designs available
- Sizes from 12" to 48"
- CFM up to 65,000
- Up to 4" static pressure
- Adjustable pitch fan blade
- Robust die-cast aluminum propeller
- Multiple blade configurations
- Direct drive to assist with space constraints

Applications

- Engine room exhaust
- Mud pump room
- Engine room supply
- General ventilation
- Mud pit exhaust
- Above deck/below deck ventilation
- Oil wells
- Cargo hold ventilation

Industries

- Rig supply
- Offshore oil rigs
- Marine
- Utility or work boats
- Yachts
- Oil

Features

- Industrial duty
- High efficiency
- Airfoil blade
- Long life
- Spark resistant
- All welded construction available
- Engineered solutions
- Ease of installation
- ABS Certificates of Design Assessment
- Hot dip galvanized coating available
- ABS Certified Facility pending approval

Tested in Accordance
with AMCA Standards
