AIR MOVEMENT

SALES SHEET | PRODUCT HIGHLIGHT

COOL BLAST, UTILITY, & HARTKOOL® FAN

SERIES 20, 21, 22, 23, & HKA

The Hartzell Cool Blast, Utility, and HartKool® Fans are designed to withstand heavy industrial use. They feature a versatile, compact design that provides efficient airflow in a limited space. Fans are equipped with TEFC continuous-duty, ball bearing motors that extend beyond the OSHA-approved guard for easy maintenance. They're ideal for spot cooling and heat stress relief, providing efficient air circulation that eliminates dead spots, breaks up stagnation, and reduces condensation.

THE BOLD DIFFERENCE:

BUILT LIKE A TANK

- ☐ Rolled head support for maximum stiffness
- ☐ All welded construction
- ☐ Can withstand rough industrial use and impact

HIGH END DESIGN

- ☐ Exclusive tip seal increases spread and throw by up to 50%
- ☐ Compact design; versatile; durable construction
- ☐ Provides efficient airflow in a limited space reducing electric consumption

NO HASSLE MAINTENANCE

- ☐ Direct drive units require only motor lubrication
- ☐ Easy disassembly for motor replacement
- ☐ Designed for years of consistent service

SPECIFICATIONS:

Size	18" - 48"
Material	Steel, 304SS, 316SS, Aluminum
Pressure Range	Rated at free air

CLAIMS COMPETITORS CANNOT MAKE:

Exclusive Tip Seal Design

Available in Rapid Ship Program

GOOD ENOUGH NEVER IS™

At Hartzell, these are words we live by. You expect the most reliable and durable industrial air movements products available, so we hold ourselves to a higher standard.
